

Overview

For this assignment, you will create a static webpage that will be used in the next assignment to create a custom WordPress theme.

Requirements

- A design that is flexible and responsive, designed to work at all screen sizes.
- The following site elements: header, menu, content section, sidebar section, and footer.
- Sample content that includes the following elements: *p*, *a*, *h1-h3*, *ul*, and *ol*.
- Sample sidebar content that includes the following elements: *h2* and *ul*.
- Styling for all included elements.

Grading

This assignment will be worth 20 points, or 5% of your overall grade.

Responsive design	8 points
<i>Uses percentages</i>	4
<i>Uses media queries</i>	4
Site elements	12 points
<i>Site header</i>	2
<i>Menu</i>	2
<i>Content section</i>	
<i>Page/post titles</i>	1
<i>Meta information</i>	1
<i>Content</i>	2
<i>Sidebar section</i>	
<i>Titles</i>	1
<i>List items</i>	1
<i>Footer</i>	2
<hr/>	
	20 points total
