Overview

Create a polished responsive website on a subject of your choice. Remember that a responsive website should include a flexible layout and media queries that adjust your design as necessary. For the purposes of this assignment, your site's design should be optimized for all screen sizes.

Your website should also include three jQuery components. The components you choose should make sense given the content of your site and should be styled as necessary to fit your design.

Requirements

- Three jQuery components
- Design that is flexible and responsive, designed to work at all screen sizes
- All sources cited

Grading

This assignment will be worth 60 points, or 15% of your overall grade.

Please use the following questions to guide your work. These questions will be used by you and your fellow classmates during our critique and by me when I grade your site.

Design	48 points
Is the site fully responsive and laid out correctly?	*9*
Is the design of the site polished and well-suited to the content?	*9*
Is everything styled appropriately?	*6*
Do the jQuery components function correctly?	*15 (5 each)*
Do the jQuery components make sense for the site?	*9 (3 each)*
Content	12 points
Is the content clear, concise, and well-organized?	*6*
Is all necessary information included?	*6*
	60 points total

Due Date

Post a link and brief description of your site as a new message on our Basecamp forum by Sun 11/6 at midnight.

Critique and Forum Posts

Between the due date and our critique on Tue 11/8, look over your classmates' projects and comment on 4 of them. Use the questions above as a guide. Failure to post these comments or attend and participate in the critique will reduce your grade on this assignment by 10% (6 points).
